National Night Out

National Night Out is a community event that promotes police-community partnerships and neighborhood camaraderie. Our community collaboration with police and other emergency responders gives us the tools to support those who use our services. At National Nigh Out we engaged with our community and enjoyed the opportunity to connect with neighbors and friends. The event was a great chance to strengthen our bonds, share stories, and collaborate on making our neighborhood an even better place to live. We look forward to continuing these connections and working together to build a safer, more united community.

Little Wonders Preschool

We still have a few open spots for our 3-4 year old class on Tuesdays and Thursdays for the 2024-2025 school year!

With the new term starting this week, we're thrilled to be officially state-licensed and ready to dive into a year of learning and growth.

We're also seeking support to ensure our teachers are certified in pediatric CPR, further enhancing the safety and care we provide to our little ones.

Why should you Walk the Mile?

Walk The Mile demonstrates the strength of our community in standing against violence and sexual assault. The support we contribute will help survivors across our county.

When we envision a world without violence, we begin to build a path to creating that world. Help us raise awareness about violence, support survivors, and envision a world without violence!
